INTERNSHIP CERTIFICATE

To whomsoever it may concern

“We are glad to testify that **Sharia Arfin Tanim** has worked diligently in our initiative ‘Project Kurumutu’ from 5th Jan 2024 to 10th March 2024. He passionately took skill development classes with a student from a marginalized background, working in accordance with the pedagogical nature of our organization. Despite working online from a different country he was consistent and passionate. His input and insightful comments during the team meetings significantly helped the project. He engaged in profound and potentially transformative experiences for the student. We wish him all the best for future endeavors.”
